Map Notes: Wilderness Study Areas and Areas of Critical Environmental Concern are designated and managed by the Bureau of Land Management. Forest service roadless areas include 2001 roadless rule and 2008 Colorado rule areas. COGCC Roan Rim Buffer is an Area of Concern with development restrictions. Elk calving (production) areas and elk winter concentration areas are COGCC sensitive wildlife habitat areas. All elk habitat prepared by CDOWNDIS as of 9/2010.
